Dear The Federal Communications Commission,

alright this is bull shit, have you and the goverment ever taken a history class????? one of the main reasons this country seperated from the brittish in the 1700's was to excape unfair taxation, and now our goverment and it's agencies (FCC) are taxing the shit out of us!!!! maybe we need another revolution to get it to stop!!!!

and the only reason they whant to rise taxes our to fill thier greaty fat-assed pockets!!! this tax is stupid and I think I speak for most of the nation when I say "CUT IT OUT WITH THE GOD DAMN TAXES!!!!!!!!!"

Sincerely,
